The Knights of Pythias lost a good part of their regalia and supplies in last week's fire, and it is doubtful if their insurance of \$300 will cover the loss. Some of their regalia was saved, however, through the hard work of Mr. J. F. Kilgus, an enthusiastic and loyal Knight.

In our account of the fire last week we had it that Hon. S. G. Mayfield had insurance of \$400, which was an error. He did not have a cent, and his loss is total. The Waterworks Question.

About two years ago the citizens of Bamberg voted bonds of \$7,000 for the purpose of waterworks. These bonds have never been sold, for the reason that the board of public works found, after careful investigation, that they could not put in an adequate system for this amount or one that would satisfy the people of the town. Therefore they have never sold the bonds, but have been discussing the matter at their various meetings and endeavoring to work something practical out of the proposition.

In consultation with city council Tuesday night of last week, it was found to be the opinion of council that work should be started on the system, and the \$7,000 used as far as it would go. This will be done as soon as the bonds can be sold, and the matter of disposing of the bonds is now being looked after. It is hoped that work will start on the water works in a month or two, as it is especially desirable that the excavations for laying the pipe be made during the winter months.

Day Current at Last.

At last The Bamberg Herald is running its linotype and presses in the day time. Our generator arrived Tuesday of last week, and it was set up at the cotton mill and the power turned on Tuesday morning of this week. Of course this puts us in much better position to take care of all business which comes our way, and we can now turn out any sort of job on very short notice. Lawyers who wish briefs in a hurry can get them at this office. As a result of the day current we are making our paper eight pages this week, and we will continue this as long as the advertising keeps up. In any event, we will continue to print more live reading matter than any paper in this section, and it will not be ready-print-stuff or plate matter either. Every line which goes in our paper is set up in this office and will continue to be. This is a big investment for a small business—we have nearly one thousand dollars invested in our power plant alone—more than many newspaper offices are worth all told, and we need and will appreciate all the business we can get. Send us your job work, advertise in and subscribe to The Herald.

Suit Against Southern Railway.

Last Wednesday a suit was filed against the Southern Railway for damages in the sum of \$10,000 by Wesley Banks, colored. The cause of the suit is that Wesley was shot while guarding the property of the railroad.

Our readers will remember that about a year ago Banks was shot at the depot in this city by Preston Brown, another negro, for which crime Brown is now serving a sentence on the chain gang. Brown had stolen a box of sausage out of the depot and hid it under the building, expecting to come back for it after dark. John Minnegan, a negro employee of the railroad, was on the watch for Brown to come for the sausage, but he got so cold he had to go and warm and Banks was employed to stand guard during Minnegan's absence. During this time Brown came for the box, and upon being called on by Banks to halt he fired, seriously wounding Banks.

In fact, Banks has never been a well man since he was shot. He was seriously ill for a long time, and even now he is not strong enough to do much work. He will probably never be well again.

The railroad paid him \$25.00, but his expenses because of the wound were a great deal more than this, and his incapacity for work led to the bringing of the suit. Wesley has always had the respect of the best white citizens of the town, and some months ago they contributed to help him pay the expenses of the illness caused by the wound. The physicians were very kind to him, especially Dr. J. J. Cleckley, knowing that he was most faithfully, knowing that he was not able to pay for their services.

It seems to us that the railroad had better make a settlement of the case if possible, for, in our opinion, the company is clearly liable. Hon. S. G. Mayfield and H. M. Graham, Esq., represent Banks, and brought the suit.

Knights of Pythias.

Bamberg lodge, Knights of Pythias, held an informal meeting Monday evening, in the court house. The lodge charter was destroyed by fire, so no legal meeting could be held. The grand chancellor has been asked for a warrant, and meetings hereafter will be held under this warrant until the grand lodge meets next May and grants another charter. A committee was appointed to look into the matter of purchasing new regalia. The matter of a new hall was also discussed. As all the regalia was destroyed by fire, no degrees can be conferred for several weeks yet.

Masonic Lodge.

Ornan lodge, A. F. M., held a meeting last Friday evening in the court house, and the Entered Apprentice degree was conferred on J. A. Wyman, Esq. The lodge saved A. Wyman, Esq. The lodge saved most of their regalia, and their loss is small. However, they are without a meeting place, but it is expected that council will rebuild the city hall at once. Messrs. E. L. Price, W. M., Dr. Robert Black, S. W., and G. E. Bamberg, J. W., were appointed as a committee to confer with the council and the Knights of Pythias in regard to a new hall.

Coming Wedding.

Rev. and Mrs. T. G. Herbert and their two little boys, Jackson and Brice, will leave next Monday for Sumter, where they go to attend the marriage of Mrs. Herbert's sister, Miss Mary Hill, to Mr. Lacy McKinnon, of Georgia. The wedding will take place next Wednesday. From there Mr. Herbert will go to visit his mother at Leesville for a few days, but he will return in time to preach the following Sunday. Miss Hill visited Mrs. Herbert here for several weeks the past summer, and made many friends, who extend best wishes for her future happiness.
